To the Honorable Governor Hogan,

Assistant Rabbi
Yaakov Greiniman

I attended your Hanukkah reception this past December with my family members and my father, Rabbi Herzel Kranz, the Dean of the Leo Bernstein Jewish Academy of Fine Arts, and the Rabbi of the Silver Spring Jewish Center.

I am deeply and gravely concerned about a student in our school, Kayla Adams whom, I've known and seen grow-up for many years in our institutions. I am writing to alert you to a major act of corruption based on collusion of court actors in concert with Judge Lenore Gelfman.

Ten year old Kayla Adams, a student from our school, has alerted school officials, many members of our community, myself included, to the details of her sexual and physical abuse which has been suppressed by the malevolent actions of "best interest attorney" Alisa Cummins and attorney Christopher Rand in Howard County. There is an infamous pattern in Howard County that Rand and Cummins have transferred children into the hands of their abusers. Voices of children are suppressed along with Kayla's voice. Kayla been accused of saying something which she told me personally on Monday, June 5th that she never said. This false account was provided to the court by Alisa Cummins, the best interest attorney and her father, who was in the room with her. Kayla has attested to me and others her paralyzing fear of her father's physical abuse. I have no question that this child is acutely suicidal and is in immediate danger to herself.

I am in touch with the Foundation for the Child Victims of the Family Courts. Kayla and her mother, Jennifer Nathanson, were banned from receiving legal and forensic services from this Foundation and left at the mercy of a court issuing unconstitutional orders. Judge Lenore Gelfman is fully aware of the unconstitutional nature of this order.

The Jewish community is up in arms about the dismissive treatment and suffering of 10 year old Kayla Adams who has explicitly expressed to me and others details of her abuse and distress that she's experiencing on a daily basis from her father, Michael Adams. This 10 year old child, Kayla Adams, needs to be removed immediately from her father, the hands of the accused abuser, and be returned to her mother, Jennifer Nathanson.

I have many years of experience in these matters as I am the Executive Director of our Synagogue and Manager of the Hebrew Sheltering Home of Greater Washington for the past 21 years. I am very familiar with these abuse cases. Your attention is urgently required. I will expect a call from your office as soon as possible. Our community demands immediate action on this case! Thank you for your assistance in protecting this child.

Respectfully,

Eliya Fruma Kranz
