RE: JILL JONES SODERMAN – PHD,MSHS – EXEC. DIR. FVCFC.ORG

ANONYMOUS COMPLAINTS/CYBER BULLYING

Christine Sirgent, the obsessed cyber bully whom has attempted to harass Jill Jones-Soderman and The Foundation appears to have moved from her Web Site page to the use of Word Press to express her thoughts, as is her right.

However, Ms. Sirgent has never been a client of The Foundation nor has she had a case that was the subject of an evaluation by Foundation staff.

Her choice of voicing her comments as an anonymous complainant makes it impossible to pursue legal recourse, but her identity is known and able to be verified.

The police have been notified of her existence and as long as she confines her dangerousness to rants, she will continue to be ignored. The Manhattan office has excellent security and otherwise Ms. Sirgent has no knowledge of the personal whereabouts of foundation staff.
